Call for Articles for the Journal of Finance and Banking

The Editorial Board of the Journal of Finance and Banking invites research-based articles in the broader areas of finance, banking, business, and economics. The articles must conform to the following guidelines:

1. The author(s) should submit two hard copies of the manuscript and a soft copy in Microsoft Word. The soft copy may be submitted on CD or sent to the email address of the journal jfb.finance.du@gmail.com. The hard copies of the manuscript should be submitted to Professor Shabbir Ahmad or Mr. Arshad Miah, Administrative Officer, Department of Finance, University of Dhaka.
2. An article can be co-authored but should not exceed more than two authors. In the case of a very technical or multi-disciplinary article, the number of co-authors can be three. In that case, each author's contribution should be specified in a forwarding letter to the editor.
3. The article's title page should contain the author's name(s) with a contact address and email. The corresponding author must be indicated by an asterisk. The first page of the article should begin with the title of the article. This should be followed by a non-technical abstract of not more than 200 words. 5-7 keywords of the article should be specified below the abstract.
4. The submitted manuscript must be original that has not been submitted to another journal or under consideration for publication in another form, such as a monograph or chapter of a book. The Author(s) of submitted articles is obligated not to re-submit the same article for publication elsewhere until an editorial decision is rendered.
5. The text of the manuscript should be prepared in 12pt type in Times New Roman font with 1-inch left/right margins and 1.5-inch top/bottom margins. The text should be doubled spaced. Preferably the size of the article (excluding the appendix) should not exceed 20 pages (A4 paper).
6. Footnotes should appear at the bottom of the referred page. It should be single-spaced. A smaller font size (10pt) is acceptable but not required.
7. All but very short mathematical expressions should be displayed on a separate line, and be centered. Equations must be numbered consecutively on the right margin in parentheses. The derivations made by the author should be included in the appendix.
8. Research articles should conform to APA 6 style manual. All references should appear at the end of the article in single-space and not smaller than 10pt font size. References in the text should appear as follows: "Jensen and Meckling (1976) report that …" or " ….. (Jensen and Meckling, 1976)." At the end of the manuscript, the complete list of references should be as follows:

For Books:

Daves, R., & Ehrhardt, M., (2004), *Corporate valuation.* Cambridge: Cambridge University Press.

For contributions to collective works:

Grossman, J. & Hart, O.,(1982). Corporate Financial Structure and Managerial Incentives. In McCall, (ed.): *The economics of information and uncertainty.* Chicago: University of Chicago Press.

For Periodicals:

Jensen, M. C., & Meckling, W. H., (1976). Theory of the Firm: Managerial Behavior, Agency Costs, and Ownership Structure: *Journal of Financial Economics 3*, 305-360.

9. The article should end with a non-technical summary statement of the main conclusions.
